# STUDENT LIVING

The cost of food, entertainment, and accommodation are all lower in Belfast than elsewhere in the UK so when you study at Queen's it means that you get a world-class education in an exciting and vibrant city for less money than other cities like Manchester and London.

"I enjoyed the great staff and the modern infrastructure at Queen's. I also appreciated the robust academic support I received. Living in Belfast was also very affordable, and I loved that I could cycle to town and to my classes. I would advise anyone who is thinking of studying at Queen's to keep an open mind, don't hesitate to take the "less mainstream" modules, and take the time to engage with your professors, as they are likely to be NI's top academic on a certain field -- conversations can be interesting. Don't forget to also take a break from your studies and explore the island."
