For further information please contact Programme Secretary, Nicola Cox, at n.cox@qub.ac.uk

Details of Workshop

The Supervisor Check-in Workshop will be facilitated by Dr Alex Rowell.

This training is aimed at creating a space for a check-in/refresher as you transition to supervising trainees. For those who have already started supervising, this can also be a space where we confidentially process/discuss working with supervisees (supervision of supervision).

This workshop will be delivered in person in Queen's University Belfast. If there is a change to delivery, we will let you know as soon as possible.
