## Embedding a Culture of Quality Enhancement

- Pipeline programmes
  - HEA fellowships
  - Development programme
  - Leaders in Series....
- ITL Fellowships and visiting fellowships
- Awards and Recognition
  - Teaching Excellence, group awards, SU Awards, NTF/CATE and External awards,
- Networks
  - TEA blog, resources, toolkits
  - PGTA role and Development opportunities
- Curriculum development team
  - ABC approach from UCL
  - Team of experts to support programme teams
- Sandbox
  - Student teams to support staff development
- Technology enhanced rooms
  - Build expertise/confidence
  - Develop high quality materials

Evidence: HEA Fellowships

A scientist in a white lab coat and purple safety glasses is blowing a bubble with a glass pipette in a chemistry lab. Two other people, one in a blue shirt and one in a brown jacket, are observing him. The lab is equipped with various glassware, including test tubes, flasks, and a complex apparatus with gauges and hoses. A sign in the foreground reads "Chemistry".

What could we do to support you to gain or enhance your HEA Fellowship?

# Optionality of Assessment

# Awards and Rewards

Do we have the right awards and rewards that value everyone and their contributions?
